Si View Metropolitan Park District Earns Risk Management Award

The Association of Washington Cities (AWC) Risk Management Service Agency (RMSA) recognized the risk management efforts of its members that contributed to an improvement in their liability loss experience this past year at their Annual Meeting held October 13, 2020. This year's Safety Award winners include Si View Metropolitan Park District, which was commended for the District's dedication to good risk management practices.

Actively managing risk promotes stronger, more resilient communities. All RMSA members share in the costs of coverage and losses therefore risk reduction and proactive risk management benefit the entire membership by keeping loss experience low, positively impacting costs and attracting more favorable insuring partners.

The AWC Risk Management Service Agency (RMSA) is a municipal risk pool protecting the employees, assets and officials of 102 of Washington's cities, towns and special purpose districts from property and liability risks and cost.
