**Grades 6-8 (2015-16 school year)**

6-8 graders have an opportunity to gain leadership skills with our Summer School Add on Camp. This program is designed to provide your child with hands on experience that will help prepare them for future leadership roles and get them on track to working as a leader in a variety of different roles. Participants will work hands on with Si View Metro Parks Staff throughout the week providing assistance in leading games and activities, setting up for programs, and mentoring younger participants.
