

Si View Metro Parks | [www.siviewpark.org](http://www.siviewpark.org) | (425) 831-1900

**March 20, 2020 - The Outdoors are Open!** All Si View parks are currently open. We ask that all park users adhere to the latest guidelines from CDC and local public health officials, as the situation is rapidly evolving.

Outdoors are now more important than ever! People across the country are waking up to a new reality that they must restrict their activities. But one thing is certain: As our daily lives change, people will want to be outdoors and will use open outdoor areas of parks and trails to keep healthy — physically and mentally — and to provide activities for kids who suddenly have no school and unlimited time without being able to hang with friends.

In order to keep public safe and protect our staff while visiting our parks and trails, please:

- Practice social distancing and avoid close contact with others. (minimum 6 feet)
- Do not congregate in groups of 10 or more people.
- Please stay home if you are sick and practice good hygiene.
- Thoroughly wash or sanitize your hands after touching surfaces within the parks.
- Bring your own hand sanitizer.

Thank you for your cooperation. For latest information on Si View programs and facilities, please visit our website, [www.siviewpark.org](http://www.siviewpark.org).
