## The outdoors are open, but please recreate responsibly.

With improved weather, many local parks are seeing increased usage. Local parks, trails and open spaces have always served as places where people can find respite and seek restoration. It is important that during the COVID-19 pandemic everyone recreates responsibly. Please follow the latest public health guidelines and know your local area closures. Here are the latest impacts to Si View facilities and programs:

**All Si View parks and trails where social distancing can be maintained remain OPEN.** For everyone's safety, we ask you not to recreate in groups and encourage you to use the park closest to where you live - *if you have to take a car, the park is too far*. If you encounter others, maintain a minimum of 6-foot distance.

**All Si View playgrounds and active recreation areas are CLOSED through May 4** in accordance to the governor's Stay at Home order and public health guidance around social distancing to combat spread of COVID-19. This includes playground equipment, sports courts (tennis, basketball, pickleball, volleyball), baseball fields, soccer fields, skate park, pump track, climbing wall, disc golf, picnic shelters and the like. All recreation areas where it could be difficult to maintain recommended social distancing guidelines are closed. **Outdoor restrooms are also currently CLOSED.**

**Please follow these recommendations when recreating outdoors:**

- Please stay home if you are not feeling well.
- Stay close to home, if you need to take a car, the park is too far.
- Follow all CDC's guidance on personal hygiene.
- Practice social distancing and avoid close contact with others. (minimum 6 feet). Keep it as you walk, bike or hike.
- Bring a suitable trash bag. Leave no trash, take everything out to protect park workers.

**If you take a car,  
the park is too far!**

Recreate responsibly.  
Walk, ride,  
roll from home.
