Si View Metro Parks Operations Update

Si View operations continue with modifications in accordance with the State's Phased Reopening Plan and associated guidance. We are committed to operating our parks, facilities, and programs in a way that ensures the health and safety of our community and staff, therefore those activities where physical distancing is not practical remain closed at this time. In some cases this may result in postponement or cancellation of a previously planned activity. We have extended our flexible refund policy through the end of the year to minimize inconvenience to participants and greatly appreciate the community support and patience during this period of uncertainty. We encourage you to stay informed of the latest updates posted on our [website](#), and look forward to resuming full operations as soon as possible.
