

**SI VIEW METROPOLITAN PARK DISTRICT
FOR IMMEDIATE RELEASE**

December 6, 2018

Future Community Park at Cascade Golf Course

North Bend, WA – Si View Metropolitan Park District is in the process acquiring new property in North Bend for a future community park. The Cascade Golf Course property located at 14319 436th Avenue SE off exit 32, offers tremendous potential for a public park, both for active and passive recreational uses. It includes 28 acres of open space as well as buildings that currently house a General Store and a Pro Shop. The District intends to use recently passed Capital Bond proceeds for this land acquisition as it closely matches the community's open space needs identified in the District's Comprehensive Plan.

Public master planning process of the future park will start in the spring of 2019. The public is invited and encouraged to provide input during the master planning process. This is an exciting opportunity to bring forth ideas for desired recreational uses and see your Capital Bond dollars at work. The property is suitable for variety of recreational activities from disc golf to camping, river access and more.

The General Store located on the property is currently closed. The District is seeking requests for proposals for operations of the General Store that maintain similar past operations and that will compliment future programming within the park. The District's goal is to have a new operator in the space as soon as possible.

Si View Metropolitan Park District has been and will continue to be an endeavor guided by community input. We encourage your active participation in the master planning process.
