## What is the POP Club?

The **POWER OF PRODUCE CLUB (PoP Club)** is an exciting new **FREE** program at the **North Bend Farmer's Market for kids ages 4-12!** The Power of Produce (POP) Club is a farmers' market-based children program, that seeks to teach children about fruits and vegetables, local food systems, and healthy food preparation through fun activities.

Participants engage in the full farmers market experience by trying new foods, having conversations with farmers, and buying local produce. Children learn through fun and engaging, age-appropriate activities, demonstrations, and challenges.

## What's the "cherry on top"?

After completing the fun weekly activity or challenge, the children become the shoppers each week by earning POP bucks, \$2 tokens, to spend on fresh fruits, vegetables and food plants at one of our farm booths of their choice.
