Statement of Qualification Proposal Elements

Each proposal is limited to twenty (20) double sided pages (excluding cover and dividers), and three copies should present the development team qualifications for this project and shall identify the following:

1. The Project Team, including sub-consultants, expertise and experience with similar projects.
 - Project Name
 - Location and Project Costs
 - A brief description of the project
 - The firm's role in the project

- Project Team member roles in the project
 - A project reference and contact phone number.
2. The Project Team's approach to the project.
 3. The Project Team's anticipated project schedule.
 4. The firm's process/procedures for providing quality assurance/quality control through out the life of the project.
 5. Qualifications of the proposed Project Team members, including any sub-consultants proposed, for the design effort and their availability.
 6. A description of experience in working with the public sector and elected officials.

As a supplement to the above you may include three (3) bound copies of general firm/team information and Project Team member resumes.

Selection Process and Evaluation Criteria

A committee of District personnel will evaluate and rate the proposals to these criteria.

1. Project team experience with similar projects. (20%)
2. Project team experience with publicly funded projects. (20%)
3. Project team member qualifications. (20%)
4. Approach to the project. (15%)
5. Capability of meeting the project schedule. (10%)
6. Quality Assurance/ Quality Control Plan. (15%)

Following evaluation of the Proposals, the District will interview up to the three (3) of the prospective consultants to provide design and construction services. Those firms selected for interview will have the opportunity to present their past and previous experience with multi-use design projects, demonstrate project understanding, discuss their ability to meet proposed timelines, and show the firms process for providing quality assurance and quality control through out the life of the project.
