

Si View Dance

Si View Dance | COVID-19 Procedures

Instructors: Dance instructors will take participant temperatures before coming into class each day, and will be asked to stay home if they have any symptoms of Covid-19 until those symptoms are gone or they have had a negative COVID-19 test. A touch-less thermometer will be available at class time if needed.

Instructors will do their best to maintain social distancing in class – dancers will be given their own spot to stand in to keep everyone spread out. There is a max of 10 dancers per class. This will help with everyone being able to keep distance between dancers and teacher.

Dancers: Please check your dancer for COVID-19 symptoms before they come to class. Any student who appears to not feel well or reports any symptoms will be isolated and sent home. In addition, any student who has had any possible exposure to COVID-19 will not be allowed into class and will be asked to stay home for 2 weeks. [COVID-19 symptoms here](#).

Parent/Guardian: Parents will not be allowed in the dance room to wait or watch for in-person classes. You will only be allowed in the building if you have a question for an instructor and then you must be wearing a mask. For younger classes, if you need to come in to get your child settled into class that is permitted. **If you have a younger dancer**, please bring your child to the front door and the instructor will welcome them in and help them get ready for class! At the end of class, you can wait outside, or come in the building (with a mask) to help them change their shoes etc.

Mask Use: We will be following state and DOH guidelines on mask use. Masks are optional for participants under the age of 3. Participants aged 3 and older must have masks for class. We understand that this may be difficult with the cardio aspect of dance. We will be taking things slower than normal and allowing for mask/water breaks during class. Teachers will be wearing masks. If your dancer does not have a mask with them, we will provide them with one.

Cleaning: We will be wiping down door handles and barres frequently. Props used in class (primarily Creative Movement and Pre Ballet) will be cleaned in between classes.

Class Prep: Please be on time to pick up your dancer so we do not have overlap between classes. We have spaced out the classes to allow time for going and coming to class.

Please come dressed and ready for class. Try not to bring any extras to class time. We will have an X on the floor for each student to put a small bag and water bottle.
